CONSENT ORDER AND JUDGMENT

Petitioner PM PEPPERMINT, Inc. (the “Petitioner” or “PM”), Respondent MATTHEW FISCHIONE (“Fischione”), and the Town of Lancaster, New York (the “Town”) through their respective counsel, agree as follows, which agreement shall have the force and effect of an Order of the New York Supreme Court, Erie County:

WHEREAS, the Petitioner is the owner in fee simple of certain property located in the Town of Lancaster, County of Erie, State of New York, more particularly, +/- 47 acres of land at 31 Peppermint Road, having SBL No. 94.00-3-11.1 (the “Property”); and

WHEREAS, the Property is located within the Town of Lancaster’s Sand, Gravel and Aggregates (“SGA”) District; and

WHEREAS, the Petitioner has received a New York State Department of Environmental Conservation permit (permit number 9-1452-00028/00003) (the “Mining Permit”) to mine at the Property and has commenced activity pursuant to the Mining Permit; and

WHEREAS, the Petitioner has commenced a topsoil shredding operation at the Property; and

WHEREAS, the Petitioner has commenced with the erection of a tensioned membrane canopy (the “Canopy”) at the Property; and

WHEREAS, as a result of the foregoing, the Town commenced enforcement action against Petitioner for violation of the Town of Lancaster Code; and

WHEREAS, pursuant to Section 50-26(1)(a) of the Town of Lancaster Zoning Code, “[e]xcavations as permitted and regulated by Chapter 18 of the Town of Lancaster Code” are permitted uses; and

WHEREAS, Fischione and the Town determined that pursuant to Chapter 18 of the Town of Lancaster Code, mining at the Property requires a special use permit from the Town Board of the Town of Lancaster, on an annual basis, which permit shall expire on January 1 of each year (Town of Lancaster Code § 18-29(A)) (a “Special Use Permit”); and

WHEREAS, it is the position of Petitioner that no Special Use Permit is required for mining at the Property; and

WHEREAS, pursuant to the Town of Lancaster Code, the topsoil shredding operation is specially permitted as a “use[] customarily incidental” to the excavation (Town of Lancaster Code § 50-26(B)(2)(a)); and

WHEREAS, Fischione and the Town have determined that the erection of the Canopy requires site plan review and approval (“Site Plan Approval”) pursuant to Town of Lancaster Code § 50-43(A)(2)-(4); and

WHEREAS, it is the position of Petitioner that the erection of the Canopy does not require Site Plan Approval; and

WHEREAS, Fischione and the Town have determined that erection of the Canopy requires a building permit, pursuant to, among other provisions, Town of Lancaster Code Chapter 8 and the New York Uniform Fire Prevention and Building Code; and

WHEREAS, it is the position of Petitioner that no building permit is required for the erection of the Canopy; alternatively, it is the position of Petitioner that if a building permit is required, its issuance cannot be conditioned upon either the issuance of a Special Use Permit or upon Site Plan Approval; and

WHEREAS, Respondent Matthew Fischione, the Code Enforcement Officer for the Town of Lancaster, issued a stop work order with respect to the operations at the Property and the construction of the Canopy at the Property because no special use permit, site plan approval, or building permit had been received; and

WHEREAS, Petitioner submitted an application to the Town of Lancaster Zoning Board of Appeals (the “ZBA”) seeking an interpretation that a Special Use Permit, Site Plan Approval, and building permit are not required (the “ZBA Appeal”); and

WHEREAS, Petitioner contended that the stay provided by Section 267-a(6) of the New York Town Law permitted continued construction of the Canopy pending the ZBA Appeal; and

WHEREAS, pursuant to Section 267-a(6) of the New York Town Law, Respondent Fischione issued a certification to the ZBA that the stay would cause imminent peril to life or property, rendering the stay inapplicable (the “Certification”); and

WHEREAS, Petitioner commenced this proceeding, seeking to annul the Certification;

NOW, it is hereby **ORDERED, ADJUDGED, AND DECREED** as follows:

1. The Verified Petition/Complaint is hereby dismissed, with prejudice, in its entirety.
2. Petitioner's ZBA Appeal is hereby withdrawn.
3. Petitioner has submitted applications seeking the Special Use Permit and Site Plan Approval. Upon receipt of notification from Respondent Fischione and/or the Town of any deficiencies in either or both applications, Petitioner shall promptly correct the same, such that said applications shall comply fully with the requirements of the Town of Lancaster Code. Petitioner shall further pay all required fees, as set forth in the Code and any applicable fee schedule. The Town of Lancaster, upon receipt of complete applications, shall process those applications in accordance with applicable law. Upon receipt of a Special Use Permit, annual reapplication is required pursuant to Chapter 18 of the Town of Lancaster Code.
4. Petitioner has submitted an application for a building permit for the Canopy. Said application is complete and Petitioner has paid all applicable fees therefor. Respondent Fischione shall process such application and, if the application and plans are in compliance with the Town of Lancaster Code and the New York Uniform Fire Prevention and Building Code, he shall issue a building permit while the applications for a special use permit and site plan review are pending. If such application is determined not to be in compliance with the Town of Lancaster Code and/or the New York Uniform Fire Prevention and Building Code, Petitioner shall immediately be notified. Upon receipt of a building permit, Petitioner may

proceed with construction of the Canopy while the applications for a special use permit and site plan review are pending, but it does so at its own risk, pending the Town's review of the Special Use Permit and Site Plan applications. If either the Special Use permit Application or the Site Plan Application is not approved (or is approved with modifications and/or conditions), Respondent Fischione and/or the Town shall have the right to revoke the building permit, and Petitioner shall have the right to oppose such revocation pursuant to applicable law.

5. Petitioner shall not withdraw its applications for a Special Use Permit and Site Plan Approval and continue operations at the Property. Any withdraw of Petitioner's applications or failure to comply with the Town's reasonable requests to process those applications requires operations at the Property to cease.

6. No mulching, composting, or solid waste disposal is permitted to occur at the Property. This limitation may be modified, in writing, executed by all parties, provided all applicable permits, consents, or approvals have been obtained from the Town.

7. The hours of operation at the Property shall be limited to Monday through Saturday, 7:00 a.m. to 6:00 p.m., and shall be further limited to sunrise and sunset on Monday through Saturday, where sunrise occurs later than 7:00 a.m. and/or when sunset occurs earlier than 6:00 p.m. These hours of operation are already existing conditions set forth in the Mining Permit. *See* Mining Permit, p. 2, Condition 1 and Mined Land Use Plan, dated March 22, 2013, pp. 5-6.

8. Water or other approved dust palliatives must be applied to haulageways and other parts of the Property, as often is necessary, to prevent visible dust from leaving the Property.

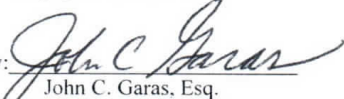

9. The obligations set forth in this Consent Order and Judgment shall run with the land and shall be binding on Petitioner's successors and/or assigns.

11. **Impact on Open Space and Recreation – No impact.** The project site is not currently used for open space and recreation; nor will the project create a demand for such. Thus, there will be no significant impacts to open space and recreation.
12. **Impact on Critical Environmental Areas – N/A**
 - The Town of Lancaster has not established a Critical Environmental Area (CEA).
13. **Impact on Transportation – No impact.** There may be some construction related truck traffic, but it will be temporary in nature. The use is not a significant traffic driver. Thus, there will be no significant adverse impacts as the result of the project.
